

## Woodward &amp; Lothrop

New York—WASHINGTON—Paris

## RUSTIC CEDAR FURNITURE for OUTDOOR USE

For outdoor summer use there is no more suitable furniture than Rustic Cedar. It is made from strong, thoroughly seasoned cedar saplings, and has the rugged and rustic appearance which harmonizes so pleasingly with outdoor life.

Besides the attractiveness of appearance its remarkable durability is what pleases most. It endures under any climate or weather conditions, never absorbs moisture or expands and warps. It is a perfect outdoor furniture.

Rustic Cedar Armchairs, \$2.50 each.

Rustic Cedar Settees, \$3.95 each.

The pieces illustrated show its attractiveness and moderation of price. Other pieces just as desirable.

## RATTAN CHAIRS AND ROCKERS

In large, comfortable and restful shapes and sizes, and shown in fumed oak, old ivory, Quaker gray, and walnut finishes, fitted with restful seat and back cushions, covered in variously colored cretonnes, and some with leather covering.

Upholstered Large Rattan Armchair, \$7.95 to \$19.50. Sixth floor—G. St.

Upholstered Large Rattan Rocker, \$7.95 to \$18.50.

## JULY 4 TO BE BIG DAY FOR WASHINGTON FOLK

Commissioner Newman Promises Many Interesting Events for All the People.

## WORKHORSE PARADE FEATURE

Commissioner Newman, chairman of the citizens' Independence Day committee, feels that his committee has solved the problem of "what to do on the Fourth of July."

"Stay here and enjoy the Capital's Independence Day program" is the advice of the Commissioner, and this sentiment is echoed by every member of the committee. There will be events of interest, beginning with an athletic meet in the morning on the Monument Lot and continuing throughout the day and far into the night, when the "Good Night" pyrotechnic displays its momentum in the heavens and showers an effulgence of light and color.

This year's celebration will be distinctly a "comfy" one. The community picnic in the Zoo and Rock Creek parks offers an occasion of enjoyment to the entire family at a minimum of expense and discomfort, with the added advantages of hand concerts and exercises appropriate to the day.

The hand concerts and exercises will be staged at the Zoo flagstaff, at the Pierce Mill, and on the field adjoining the reservoir. The big show of the daylight hours will be presented at this latter point, beginning at 2:30 o'clock. M. C. Hazen, chairman of the tournament committee, has prepared a program of horse

events. The Fifth Cavalry Band and the troopers from Fort Myer will give an exhibition of horsemanship.

There will be a workhorse parade with a demonstration of the efficiency of the animals of the fire, street cleaning, and other departments. Prizes will be offered in these events, and entries should be sent at once to John O. Gheen, chairman, room 508, District Building, or to 1417 Irving street northwest.

Aaron Brylawski, chairman of the committee on historical moving pictures, has completed all details of the program of "movies" that will be shown at the Monument grounds in the evening, but the committee on fireworks and illumination finds its work handicapped by a lack of funds. Commissioner Newman is appealing to the public generally to send in subscriptions to Treasurer E. S. Wolfe, room 508, District Building, or District National Bank. Treasurer Wolfe reports the following subscriptions: Previously acknowledged, \$664.50; Charles Brooks Bailey, \$5; Julius Garfield & Co., \$10; J. M. Dyer, \$10; White House Lunch Co., \$20; Robert E. Mann, \$5; Oscar L. Johnson, \$5; Ernest Gerstenberg, \$10; W. C. Long, \$5; J. A. Watson, \$5; William B. King, \$5; Washington Railway and Electric Company, \$100; Washington Gaslight Company, \$50; James F. Hood, \$5; total, \$879.50.

## D. C. CHURCH WORKERS TO MEET IN ANACOSTIA

Three-day Session of the Sunday School Institute Begins Today at 11 o'clock.

Probably the largest gathering of church workers ever assembled in Anacostia is expected at the opening of the three-day Sunday school institute today in the Anacostia Methodist Episcopal Church.

At 11 o'clock this morning the ministers in attendance will assemble in the church hall for a brief conference, which will be

followed by the serving of luncheon. This afternoon they will go to the Government Hospital for the Insane, where Dr. William A. White is to deliver an address on "Mental Hygiene." Following this address an inspection tour will be made.

Tonight at 7:30 the institute will be opened with an address by Miss Lulu McNally, of the Wilson Normal School, on the subject, "Some suggestions about teaching your class." The remainder of the program will include a duet by George Fowler and Miss Alice Stone; address, "How to build up the adult Bible class," by Rev. G. A. Miller, pastor of the Ninth Street Christian Church; anthem, by the Methodist choir.

Citizens of Garfield are to hold a community celebration on the afternoon and evening of July 4.

The bandway of the Anacostia bridge is in such a poor condition the authorities will be asked to take immediate steps to improve it. In some places the concrete has worn down to the steel portion of the bridge.

J. W. Caldwell, Aaron Bruce, and A. W. Carroll have been selected as the committee in charge of the lawn contest of the Garfield Citizens' Association. W. A. Bell, president, made the appointment to award five prizes.

Work on the extension of Shannon place, between W and V streets, will be begun in the near future. Bills have been sent to a number of property owners, who have been assessed for benefits, and a number of them are at a loss to understand why these bills should be delivered before the work is even begun. Under the law the owners have four years to pay these bills, a fourth to be paid each year.

The June meeting of the Minnesota Avenue Improvement Association is scheduled to be held Tuesday evening at the offices of Dr. Upton S. Hower, in Nichols avenue. At that time a successor to J. T. Herbert, president, will be named.

Children's Day was observed yesterday in the Anacostia M. E. Church.

## ROCK OF 'CAUSE WILL RUIN CLUBS

Federation's Indorsement of Suffrage Is Considered Fatal to Society.

## "IT'S A BREAK OF FAITH"

Antis, in Statements, Charge Organization with Having Ignored Its Real Aim.

The indorsement by the Chicago biennial convention of the General Federation of Women's Clubs of the principle of political equality of men and women, places this organization, according to a statement given out yesterday by the District anti-suffrage society, in the same class with other organizations who have abandoned their real purpose, which is philanthropy, education, welfare, and uplift work, to a secondary place, thereby defeating the real aim for which the federation was primarily and exclusively founded and organized.

"The General Federation of Men's Clubs," says the statement, "the Congress of the United States might be termed, embracing as it does members of every society, club, lodge, and organization, has placed itself on record as being against woman suffrage, in declaring that the suffrage question belongs to determination to the individual States, thus indorsing the attitude of those opposed to woman suffrage, who claim that the majority of the States will vote against the suffrage proposition. Ignored Real Aim.

"Politics was accorded the right of way on the program of the federation," continues the statement, "and the real purpose for which the association was organized was ignored. Philanthropy, education, welfare and uplift work were sidetracked to make way for the political movement. The federation has forfeited its charter of public confidence by permitting politics to enter its official deliberations, an action directly opposed to its principles and specifically prohibited by its constitution and by-laws. This disregard of the fundamental principles of the federation demonstrates that the suffragists attach no value and honor to the solemn promises and pledges when they became members of the federation. It amounts to a breach of faith of the worst kind, and as a consequence, a break occurs in the ranks of the federation resulting in the end of its usefulness, the blame belongs to the suffragists who would sacrifice everything in order to gain their selfish aim."

Mrs. Dodge's Telegram.

Mrs. Arthur M. Dodge, president of the National Association Opposed to Woman Suffrage, yesterday read a copy of a telegram she had just received from the federation, at Chicago, which follows:

"We hereby express hope that no action on the question of woman suffrage will be taken by the General Federation of Women's Clubs. The magnificent work done by women's clubs all over the country is of far more importance than the entrance of women into politics. The harmony that has so far existed and our solidarity as women working together for common good would be jeopardized, as many thousands women would be antagonized by such action."

Mrs. Dodge signed as representing anti-suffrage state associations of Connecticut, Delaware, Maryland, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, District of Columbia, and Wisconsin.

Mrs. Dodge, who has a national reputation as a worker in women's clubs and other organizations, added: "The ranks of anti-suffrage contain many thousands of women engaged in the good work being done today in this country by women's clubs and organizations. The protest to the general federation of women's expression of our earnest conviction that it would serve no good purpose whatever to inject politics into philanthropies of the kind represented by the general federation."

## COLLEGIATE SCHOOL CLOSES.

Awards for Good Work Distributed by Principal Peck.

The Washington Collegiate School has successfully completed its fifth year, and appropriate closing exercises were held at the institution when the following awards for the year were announced by the principal, Paul N. Peck:

First class, highest award—Samuel Hay Kauffman.

Second class, highest award—David C. Larn.

Special mention—Arthur G. Lambert and John F. Carmody.

Third class, highest award—William Bert Smith, Jr., and Charles Carroll Morgan.

Special mention—George Adams Howard and Alan Edson Reeside.

Medal for application—A. Geary Johnson, Jr.

Special prize for diligence—Roger Sherman Newell.

Junior school, first class, highest award—William A. Newell.

Second class, highest award—John M. Newell; medal for punctuality and attendance, John M. Newell.

## SUFFRAGISTS PLAN PICNIC.

Members of Congress to Speak at Outing June 27.

The fete held Tuesday by the Federal Suffrage Association at Petworth was a pleasant occasion, proving that choice flowers, dainty refreshments, a multitude of happy children and neighborhood friendliness are all included in the suffragist program. The next event for the association will be a picnic at Great Falls on Saturday, June 27.

There will be short speeches by a number of members of Congress from the suffrage and near suffrage States. The public is invited to share in the outing, and Mrs. Perkins may be addressed for particulars, 1330 Columbia road.

## 100TH BIRTHDAY A HOLIDAY.

Columbus, Ind., June 14.—Wesley Poterford, of Hartsville, will be 100 years old July 1. He spends a part of each day working in his garden. He also makes daily trips to the postoffice. The people of Hartsville are arranging to make a holiday of July 1, with speeches and music, and a big dinner.

## RELIGION IS SAME AS THAT OF OUR FATHERS

Rev. Dr. Montgomery Says Principles of Faith Have Not Changed Through Ages.

## A PURE HEART IS ESSENTIAL

That religion brought up to date is much the same as the beliefs of our forefathers was the thought conveyed by Rev. James S. Montgomery, in his sermon on "The Modern Definition of Religion," at the Metropolitan M. E. Church last night.

"The day is practical," said Dr. Montgomery. "It demands a religion that runs God's errands, leading to human hearts and homes. We may juggle it up and juggle it down, and theologians may label their dry-stuffs even as a drug dealer does his bottles yet the mind of the world with a growing vision and comprehension of only with the acceptance to the benevolent hand and the pure heart."

"This world must ever be made the royal pathway for the human soul. Cast your bread in unselfish service, in self-forgetfulness and with a sympathy that warms and ever with a free hand. Cast thy love upon man everywhere, but especially into the human depths, where men labor and toil in the world's night; cast it upon tired bodies, pacing the daily mill; cast it upon the human wrecks that lie along the chilly edges of the world's half-opened heart."

"The world's faith and hope will ever cling about the 'pure in heart,' here is an altar at which the world of man loves to worship. He cherishes a consistent life above any possible declaration of faith. The good man true, tried, and trusted, is as an open fountain for the thirsty; he is as a watchman upon the tower who directs and guides to the morning land of the soul."

## BOURNE MAKES PLEA FOR FAIR MAIL RATES

Former Senator Says Roads' Return Should Be Equal to Those of Passenger Service.

"I am thoroughly convinced that for carrying the mails the railroads should be paid a rate that will give them the same return, per car mile, as they get in an average from passenger traffic," said former Senator Jonathan Bourne, Jr., chairman of the Joint Congressional Committee on Railway Mail Pay, yesterday. "I am speaking entirely for myself and in no manner for the committee. My conclusions have been reached after many months' study of the subject."

"Everything that is necessary for increased volume of passenger traffic is a relative corresponding benefit to the mail in its transportation over the railroads. The Postoffice Department has advanced the theory that the mail shall bear its relative proportion of expensive terminals, ticket agents, and many other things pertaining to the passenger service, but I assert this contention is not sound. The volume of passenger business depends on all of these things and they are necessary to the increase of passenger business and, hence, necessary for mail transportation. The government should pay its relative proportion of same."

"The duty of our committee is to determine as far as it is possible to determine what is a just compensation to be paid to the railroads for the carriage of mail. Government is formed for the protection of its citizens, and the protection of its citizens is its primary duty. It ought to set an example for all the people and should, therefore, itself do justice to each individual in its society."

## AN APOSTLE OF PEACE IS NOW IN OUR MIDST

James W. Van Kirk, of Youngstown, Ohio, Is Bearing International Flag Around World.

James W. Van Kirk, of Youngstown, Ohio, author or inventor of an international flag, is in town, starting his third trip around the world; for Mr. Van Kirk is international in aim.

Three years ago Mr. Van Kirk invented a "peace flag." A copy was accepted by the peace conference at The Hague.

Mr. Van Kirk has a blue field with a star for each of the forty-six nations. At its right side is a globe, banded with white. From the white band seven stripes of white branch out toward the left, where each attaches itself to one of the seven primary colors.

The argument is that the seven colors, blended into one, make white, which stands for peace. No one has disputed that.

Mr. Van Kirk is well known all over the United States. He is secretary of the Youngstown Peace Society, and has letters from distinguished men. He is a minister also, but finds little time to preach.

Mr. Van Kirk will deliver a speech tomorrow evening from the fountain at Seventh street and Pennsylvania avenue northwest. He will talk on universal peace. He will be here for two or three days, and then will start for New York.

DANCING.

I MAKE YOU DANCE.

Many have been discouraged by the methods of instruction given by inexperienced teachers at various schools. These teachers take little interest and are absolutely indifferent to the progress of the pupil. No sense of instruction or equal the progress of the pupil. The instruction given by one who is actually interested and intelligent in the most backward and the freedom of movement so essential to the finished dancer. I have taught and managed for it, Hiram Wilson, and Professor's (Columbia and Hiram, of New York, and demonstrated in many of the leading ballrooms in the country. I teach the very latest in the art of dancing, as adapted by the dancing masters' Association in their convention in Cleveland, Ohio, and as modified and adapted to the modern stage and studio. Summer rates.
